D.O. 7 Forwarded to Br II for 2/4/10 kindly stating to what funds, Provincial or L.F.G. one half of the cost of expending the bridge amounting to Rs 10200 may be debited. An additional grant has to be sanctioned if it is decided to meet this more out of L.F.G.

8 If the entire cost of Rs 10200 is to be transferred ~~out~~ from the Dist: Funds to the D.P.W, the grant from the Provincial funds or L.F.G being credited to the Dist: Funds, an additional grant of Rs 10200 from the Dist: Funds ~~being~~ becomes necessary. But on the other hand, if that grant may be credited to the D.P.W direct, an additional grant of Rs 5100 out of Dist: Funds will be sufficient. This however will obviate a duplicity of transactions.

Is that to be observed by the principle 1804 Rules, which remain that contributions between funds should be kept outside the P.W. Account. Will therefore be necessary first to take credit to the L. bridge work should be done at the cost of the Local Funds Special. In the present case the extension of the bridge has been necessitated by improving the Vartan Canal and the bridge is situated on a District Fund Road. The Canal owners therefore have to bear & the District Funds. As the expenditure will appear under District funds in the P.W. Books the Provincial Contribution will have to be credited to District Funds and the whole amount has to be paid out from District Funds.

Noted 14) In the opinion of the 22/4/10 Br II, one half of the cost of extending the drainage should be contributed to the District Funds out of Provl. Funds and the entire cost, as agreed which amounts to Rs 10200 transferred to the D.P.W. from the District funds. Hence an additional grant of Rs 10200 has to be sanctioned out of the closing balance to the credit of the District Funds.
